

FARNHAM CASTLE

Good Morning. Welcome to Breakfast in the Library

To begin your morning, we are delighted to offer a selection of cereals, granola, Greek yoghurt, toast, honey, fruit, croissants and pain aux raisins, served directly to your table, together with speciality teas, Nespresso coffees and juices. Please choose one of the following hot breakfast items, specially created by our team of chefs.

Luxury Palace Porridge

Freshly prepared by our team using rolled oats, milk and an indulgent splash of cream and butter. Served with macerated fruit, cinnamon toasted seeds, agave syrup and cocoa callets.

Castle Crumpets

Traditional toasted crumpets served in the Castle way – with a bit of luxury. Experience the irresistible taste of this breakfast favourite, served with citrus ricotta, fresh blueberries and banana chips, and local Hog's Back honey.

Bacon Sandwich

The 'breakfast favourite'. We use a special 'Middle Cut', combining both streaky and back bacon, lightly cured & smoked by our local butcher, A. Turner & Sons.

Sausage Sandwich

Our special "Bishops Banger" is an award-winning sausage. Specially created for Farnham Castle, you cannot get this sausage anywhere else. Collaboratively invented by our kitchen team and A. Turner & Sons butchers, using the Castle's history for inspiration.

Smoked Trout and Poached Egg English Muffin

Toasted English muffin topped with cream cheese, smashed avocado, cherry vine tomato & lime, served with Chalk Stream smoked trout, poached barn egg, and a turmeric spiced butter sauce.
